Continuation of Substance of Interview including description of the general nature of what was discussed: The claims as amended on 10/03/05 brought the applicant close to allowance; however, one of the independent claims was still not allowable. Therefore the examiner suggested an amendment which would put claim 32 in condition for allowance. Applicant's representative agreed to this change as well as several minor corrections all of which can be seen in the examiner's amendment..

A handwritten signature in black ink, consisting of several overlapping loops and a long horizontal stroke extending to the right.
